PREFABRICATION of harnesses and top-of-the-line electrical systems, all tailored to suit your requirements

Newlands have developed an innovative approach to prefabricated harnesses, wire processing and electrical systems. The experienced team manufacture top-of-the-line harnesses and electrical systems that are distributed as pre-assembled packages that can easily be installed off site.

LATEST TECHNOLOGY is used to produce precision wiring solutions

LET'S GET STARTED

Contact Jeff and the team at Newlands manufacturing to discuss your needs and how we can best assist your business.
